Regarding the Detour Operations due to the Kyoto-Jukan Expressway Closure

OSAKA Line

From October 15th to November 1st, 2024, both "continuous day-and-night road closures" and "nighttime road closures" are scheduled for the Kyoto-Jukan Expressway. During the closure periods, the "Miyazu-Amanohashidate interchange" will be inaccessible, and we will operate buses on a detour route. Depending on the detour route, delays of approximately 20 to 40 minutes are expected.

For information on affected buses and detour routes, please see the following table and the map*.

Please note that buses taking the detour will not stop at the "Miyazu-Amanohashidate Interchange" bus stop.

We sincerely apologize for the inconvenience caused by the delays, and we kindly ask for your understanding.
